#### HOLIDAY ASSIGNMENT FOR PARENTS

For the next one and a half month you, their natural guardian will spend the vacation with them. Let's share some tips to make this period a fruitful and happy period for them.

- Have at least two meals together with your children. Teach them the importance and hard work of the farmers and ask them not to waste their food.
- Encourage and help your child in shouldering responsibilities.
- Let them wash their own plates after every meal. Children learn dignity of labour from such activities.
- Allow them to help you in cooking. Let them make their own vegetable and fruit salad.
- Create ample opportunities for the children to meet people from different sections of society. This will help them to become confident and widen their social horizons.
- Visit the grandparents and let your children bond with them. Their love and emotional support is very important for your child. Click snaps with them.
- Share stories about your childhood and your family history.
- Take them to your work spot and let your child understand that you work very hard to support the family. Tell them about motherland and its history. Make them sensitive about environment. Visit to orphanage.
- Let your child learn 2 new words daily in English.
- Get some story books with colourful pictures for your children.
- Keep your children away from T.V., Mobile, Computers etc.
- Gently encourage your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees are an integral part of your child's growing up.
- Encourage your ward to do his/her work independently.

The last section of the homework should be creatively done depicting how your child spent his/her vacations (write-ups/photographs/collage).
